

## Socialists Have Pacific Plank in Their Platform

United Press Service

CHICAGO, June 17.—An anti-militarism plank was drafted into the platform of the socialist party at the meeting of the national executive committee here today. The meeting was attended by members of both the old and recently elected committees.

Practically the same platform as was adopted in 1912, with the anti-militarism plank added, was adopted by the committee. It will be submitted at once to the 6,000 local branches of the party for a referendum vote.

In submitting the anti-militarism plank, James H. Maurer of Reading, Pa., said:

"The socialist party of America reaffirms its unalterable position against war. More than a year ago this position was taken. In the present crisis

it sees no reason for doing anything that might plunge our country into the ruin which is only too evident in the European nations. Had President Wilson warned Americans to keep off vessels of belligerents, as Sweden had done, and as England had done during the Japanese-Russo war, the crisis in our international relations would never have arisen."

Messages were received from Allen Louis Benson of Yonkers, New York, the party's candidate for president, and from Vice Presidential Nominee George R. Kirkpatrick of Newark, New Jersey. They were nominated by a referendum vote the latter part of March. Both endorsed an anti-militarism platform.

Among those who attended the meeting today were: Victor L. Berger of Milwaukee; Morris Hillquit of New York; Walter Lamerak, Adolph Gerner, Mount Olive, Ill.; G. H. Gobel of Newark, N. J.; Emil Seidel of Milwaukee; Arthur LeBeau of Fort Scott, Kans., and James H. Maurer.

## CLEAN-UP DAY AT CAMP SITE

MAYOR CRISLER ASKS CITIZENS TO TURN OUT TUESDAY MORNING TO CLEAR ALL UNDERBRUSH FROM CAMPING GROUND

Now that the city has secured a slightly place for the use of automobile tourists passing through Klamath Falls, the public spirited citizens are asked to turn out and put this in the best possible shape for the convenience of the tourists who will camp there while in the city.

Mayor Crisler has appointed Tuesday as the day for clearing off underbrush, raking the ground, etc. All who will assist are asked to be there at 10 o'clock Tuesday forenoon.

Dearest Public:

Pretty day, isn't it?  
This is to let you know that we still have some of the ice tea tumblers left, and we would like to sell you a set of them, as this is the time you are going to need them, and we have the teaspoons to go with them, and they are cheap.

And, girls, the newest thing in French Ivory, the complexion brush. It gets it on even, and feels most as good as whiskers.

Alice, if you are going to be the June thrill for this guy, you had better get busy on this diamond ring business.

We have a stock of auto glasses. We don't repair auto glasses, as we are not open Sundays.

Mr. Davis put a tick in a Swiss watch that hadn't run for twenty years, and it's giving perfect satisfaction.

If we can't fix it, you'd better throw it away.  
We have some goggles for six bits that can't be beat.

If it's a watch you crave, see us before you purchase, as we have some real bargains in watches.

The pearl is the birthstone for this month, and is one of the prettiest and daintiest of the precious stones. We have on exhibition the new Japanese cultured pearl in our window. We would be glad to show you them and to explain the process by which they are produced.

Alice, if you were not out last night, and you in love, you don't know your business. We are told that heaven is a beautiful place, but you could have made it so here if you had been properly exposed. We like you, and shall try to merit your patronage.

The Shoe of the Future  
"The right kind of a shoe will be a queer-looking thing as we now see things," says Dr. Arthur R. Reynolds in the July American Magazine, "for in place of the offending pointed toe it will look more like the blade of a paddle. It will not be stiff and unyielding. It will be from three to five inches across the ball of the foot. Fashion is a whimsical thing, and such a shoe when it becomes regular may be considered beautiful. Any fashion that follows the form has a right to live. Any fashion that distorts the form or cripples the wearer is an outlaw without right of existence."

The U. S. army shoe has some of the qualifications.

## Now It Is Easy to Ship Eggs by Parcel Post

Millions to American farmers and postmasters, and fresh eggs every morning to the denizens of large cities is the promise held out by a new container for parcels post shipments, the unqualified approval of which by post-office department experts has just announced.

The committee on experiment, research and design of the postoffice department, after reporting favorably on the container, added: "In our opinion it is superior to every other way to any containers for this purpose that have been submitted to this committee for examination."

The new container is made of the same fibre as used in the manufacture of car wheels, is very light and yet strong enough to bear the weight of a mile. At the same time, it is said to be a non-conductor of heat or cold. A peculiar inner arrangement of thin fibre partitions absorbs all shocks.

The value of the new invention to the postmasters is not alone in the increased cancellation of stamps through the additional parcels post business, but in the plan to have the postmasters of smaller cities act as agents on commission for putting this new invention into service. The container will thus

be put into immediate use throughout the country, each postmaster having exclusive rights to his community, other agents being appointed, should the postmaster decline to act. The value to the farmer is seen in the ready disposal of his eggs and other produce direct to the consumer, thus eliminating the middle man, whose profits can be divided between the farmer and the consumer.

One of the features of the new box is its reversible tag, which can be stamped and addressed on both sides. F. W. Edwards, the inventor, attaches considerable importance to the tag, which he says thus insures the return of the box to the original sender, withholding it being a violation of postal regulations.

REV. HOPKINS OF PORTLAND WILL TALK AT BOTH SERVICES AT M. E. CHURCH TOMORROW. IS STATE OFFICIAL

Rev. George F. Hopkins of Portland will fill the pulpit of the Methodist Episcopal church tomorrow, both morning and evening. Mr. Hopkins was formerly pastor of Patton church of Portland, of which the Rev. George H. Fees, formerly of Klamath Falls, is now pastor, he having succeeded Mr. Hopkins two years ago.

Mr. Hopkins is conference secretary of the conference claimants' fund and chairman of the board of conference examiners. He will describe his work as secretary of the fund on Sunday morning, and in the evening will preach.

From here he goes to Bonanza, where he will speak Monday night.

## AWARD \$2,000 IN PRIZES IN ELECTRICAL POSTER CONTEST

United Press Service

NEW YORK, June 17.—Electrical posters by artists of the highest standing and by art students and high school pupils from nearly every leading city in the United States are on display in the engineers building here today, and the judges are deciding on the winners of the \$2,000 in prizes offered for the best poster for American Electrical Week, December 3 to 5.

All the posters entered will be placed on public exhibit during the week beginning June 19th. Today the decision of the judges announcing the winners of the \$1,000 prize and the \$500 prize will be made.

After exhibits of these posters are had during the three following weeks in Boston, Pittsburgh and Chicago, the winner of the third or public choice prize will be announced with the winners of the five high school prizes and the art student's prize.

After these awards, the posters will be framed and assembled for an exhibit tour across the continent. This traveling exhibit will be conducted up to the country-wide celebration during America's Electrical Week.

ance, and the result was that there was an insistent anchor after each number. Lemonade was served throughout the evening.

At the residence of Rev. Griffith last night was performed the ceremony uniting in wedlock Mr. Ed Young and Mrs. Zeila Evans. Mr. and Mrs. Young are residents of the Langell Valley section and are both well known in Klamath county, numbering their friends by the legion, all of whom unite in wishing them a long and prosperous married life.

Miss Frieda Steiger, Miss Ruth Avery, Miss Elsie Orem, Miss Maynard Sanderson, Eugene McCornack and Theodore Case, students at the Oregon Agricultural College, are here to spend the summer with their parents. Miss Fannie Virgil remained to attend summer school, and will be here in August.

In order to raise the "sinews of war" to keep Klamath Falls on the map as the home of the Pacific Coast's greatest independent baseball team, a dance will be given Wednesday night at Houston's opera house, the proceeds to go to the club's treasury. The opera house has been donated for the occasion by J. V. Houston. The music will be furnished by the well known Perci orchestra, which has also donated its services. In view of this support, and the brand of baseball being furnished, the loyal fans and boosters should turn out en masse for Wednesday's hop.
